Explanation.

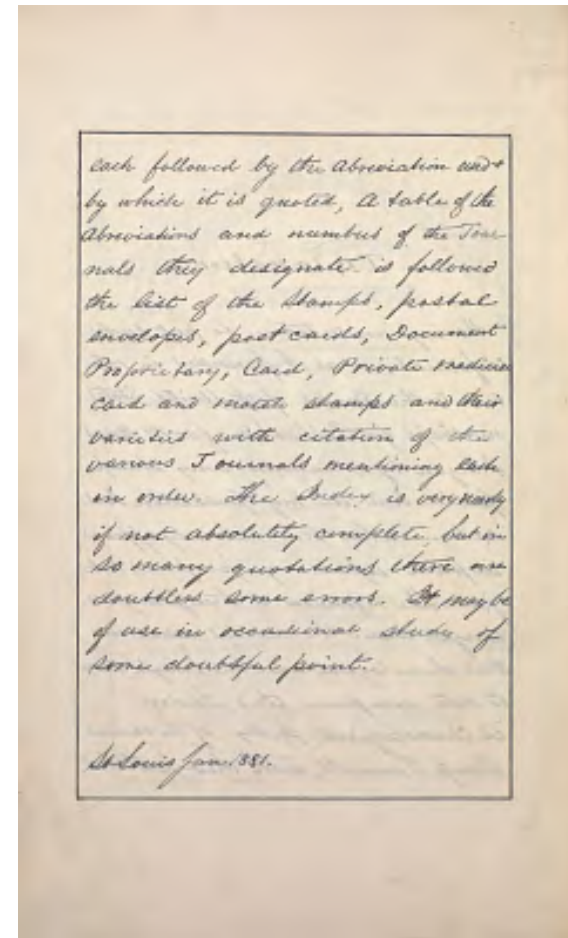

Having undertaken to put such information as I possessed in relation to the Stamps of the United States in shape for Publication for M. Moens I began by examining every stamp publication in my possession to ascertain what had already appeared in print upon my proposed subject. The references to these passages arranged under the various issues in their chronological order and brought down to date comprise this Index. A Chronological Index of the various Stamp Journals, with their publishers

John K. Tiffany Philatelic Index
Transcribed and Reviewed by Digital Volunteers
Extracted Dec-10-2015 02:38:35

each followed by the abbreviation used & by which it is quoted, a table of the abbreviations and numbers of the Journals they designate is followed the list of the Stamps, postal envelopes, post cards, Document Proprietary, Card, Private Medicine Card and match stamps and their varieties with citation of the various Journals mentioning each in order. The Index is very nearly if not absolutely complete, but in so many quotations there are doubtless some errors. It may be of use in occasional study of some doubtful print.

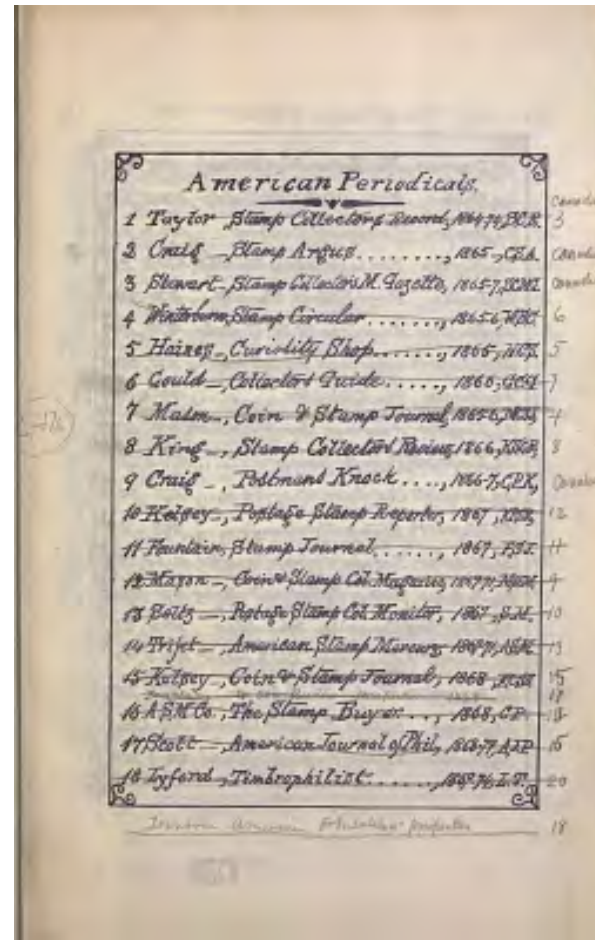

St Louis Jan 1881.

The image shows a handwritten table with approximately 10 columns and 40 rows of data. The entries consist of alphanumeric strings, some with numbers and letters, and some with symbols like checkmarks. The handwriting is in dark ink on aged, slightly yellowed paper. The table is organized into columns, with some entries spanning multiple columns. There are some faint markings and corrections visible throughout the document.

Smithsonian Institution

Smithsonian Libraries

The mission of the Smithsonian is the increase and diffusion of knowledge - shaping the future by preserving our heritage, discovering new knowledge, and sharing our resources with the world. Founded in 1846, the Smithsonian is the world's largest museum and research complex, consisting of 19 museums and galleries, the National Zoological Park, and nine research facilities. Become an active part of our mission through the Transcription Center. Together, we are discovering secrets hidden deep inside our collections that illuminate our history and our world.
